

YOKO is a place of design led culture that blends intellectual attainment with creative sensitivity and individuality. We care about the individuals that work with us, those who bring knowledge, critique and also care about timeless detail. Our mission is to revolutionise the dog market, blending nutrition with design. We are all inclusive and celebrate our individuality along with those things that bring us together.

## Workshop Coordinator

### Working hours

On regular bookings

### Purpose of the Role

YOKO a healthy dog lifestyle has started to run regular treat making workshops open to the conscious dog owner. This is an opportunity for dog owners to learn about the fantastic benefits of nutrition for dogs. We want to get dog owners talking about nutrition for dogs as we care about where food comes from, how it is made, and who it goes to.

The YOKO Workshop Coordinator will work in various locations, mainly based across London. You will set up and lead an engaging and all-inclusive healthy treat making workshop with the ability to adapt to the needs of the workshop members. You will be warm and enthusiastic whilst radiating a quiet confidence that is personable and inclusive. The ability to retain information relating to how products are made and the nutritional benefits of ingredients is important for this role.

### Responsibilities

- You will be a brand ambassador for YOKO
- To run and manage workshops
- To set up workshops
- Be proactive at all times
- To enthusiastically introduce the brand to the workshop group
- Be interested in the nutritional benefits for dogs and know how to answer questions
- To pack away and wash equipment ready for the next workshop
- Understand how the products are made and the ethos behind the brand
- Report to the Directors

### Requirements

- No previous experience is required. We are much more interested in you as a person and are committed to building our business on this principle.
- Honesty, warmth and sincerity
- Legally allowed to work in the UK

### Notes\_

All positions will undergo necessary training in order to do the tasks related to the job description

### Interested?
